

Norway @ Rio Oil & Gas 2022,

Exhibition and seminars during Rio O&G | 26 - 29 September
2022 | Olympic Boulevard, Rio de Janeiro

Norway @ Rio Oil & Gas:

Norwegian Energy Partners (NORWEP) is inviting you (together with partners: ABRAN, GCE NODE, GCE Ocean Technology, Energy Valley, NBCC, Innovation Norway, and the Consul General, Brazil) to Rio Oil & Gas, 26 – 29 September, at Olympic Boulevard, Rio de Janeiro.

- The Norwegian Pavilion (Monday – Thursday), organized by IN Brazil: [LINK to information](#)
- ABRAN green shipping seminar, (Tuesday morning): [Information and for registration link](#)
- The Norway Session, (Tuesday afternoon), organized by NORWEP: [Link for registration to join the seminar](#)
- The NBCC Networking Dinner (Wednesday evening): [Price per person: R\\$ 2.000,00 - contact NBCC: Jeanette Lørvik \[jlc@nbcc.com.br\]\(mailto:jlc@nbcc.com.br\)](#)
- [Link](#) to buy access to Rio O&G Exhibition & Conference.

Rio Oil & Gas is the largest conference and exhibition within oil and gas in Latin Americas. Rio O&G invites everyone to envision a new tomorrow. A future with a sea of possibilities to make new paths with innovation and sustainability.

In 2022, the event will dock at Pier Maua, in the heart of Rio de Janeiro, and will continue to be a great platform for major industry discussions and new business development. It is a networking space with leaders from across the industry chain.

The conference will have **several debates**, presentations, **and sessions** always with the aim of generating knowledge and expanding your **networking**.

NORWEP (with cooperation partners) will arrange a Norway Session during Rio O&G, which is included in the official program. NORWEP partners with competence within “Lower emission” and “Late life technologies” will be invited to be part of the Norway Session.

Monday 26 September

The Norwegian Pavilion:

12:00 Opening of the Rio Oil & Gas Exhibition and Conference

17:00 Official Inauguration of the Norwegian Pavilion
