Norwegian Energy Partners (NORWEP)
Delegation Programme

Main Conference Programme

Practical information

Travel

We recommend that all participants travelling to Glasgow from abroad arrive on 23 January as B2B meetings and/or one-to-many meetings may start early on 24 January.

Hotel

Our recommended hotel is Crowne Plaza Glasgow. Book here: <https://crowneplaza.com-glasgow.com/>. The hotel is inter-connected with the conference venue but is also a short walk from the centre entrance.

Conference registration / Delegate pass

NB! Please note that access to the conference is not included in the NORWEP delegation price and must have been booked separately. Scottish Renewables offers a discount rate to NORWEP delegates as Norwegian Energy Partners is a member of Scottish Renewables and Renewable UK. Once you have successfully registered to join our delegation, we will provide you with a link to purchase a conference pass at a discounted rate.

A delegate pass grants you full access to both days of the Offshore Wind Conference (Wednesday 24 and Thursday 25 January 2024) including the exhibition and networking breaks with refreshments. Please note that the name on the delegate pass must be the same for both days. An Interchangeable Delegate Pass option for a different delegate each day is also available. More info on delegate passes: [click here](#).

Conference

Website: [Offshore Wind Conference 2024 \(scottishrenewables.com\)](https://scottishrenewables.com)

Venue: Scottish Event Campus (SECC), Exhibition Way, Glasgow, G3 8YW - [Scottish Event Campus | SEC, Glasgow | Previously SECC | SEC](#)

Getting to the venue: The SECC is located just outside Glasgow city centre in the west-end.
