

Program Showcasing Norwegian CCUS Capabilities

Webinar 4 May

8:30 – 11:00 CEST

Agenda

Moderator: Eirik Melaaen, Norwegian Energy Partners

8:30	Opening Norwegian Energy Partners - Eirik Melaaen, Director LNG, Hydrogen and CCUS
8:35	Technical-Engineering Software as a Service (SaaS), for performance & risk monitoring of CO2 storage wells Geomec - Julian Leander Löw, Chief Operating Officer (COO)
8:45	Understanding CO2 Storage: Tracer Technology for proof of Mass Transport Resman - Bonnie Powell, CEO
8:55	Rapid and Cost effective site characterization and risk management Earth Science Analytics AS - Daniel Austin, Global Business Development Manager
9:05	Optimizing CO2 storage monitoring strategies Norsar - Trond Haugland, Sales manager and Volker Oye, Head of Research and Head of Department Applied Technology
9:15	Dynamic Process Simulation and Flow Assurance for CCS with K-Spice and LedaFlow' Kongsberg Digital - Mike Branchflower, Strategic Sales Manager, Digital Energy
9:25	LNG power solutions and CCS for cost efficient CO2 send-out Stena Floating Power Infrastructure - Robert Løseth, Engineering Manager
9:35	Offshore CCS Sevan SSP - Tord Broms Thorsen, Business Development Manager
9:45	ColdSpark - a novel approach to low-carbon Hydrogen production from Natural-Biogas, without CO2 emissions or CCS SEID - Terje Hauan, Chief Technical Officer
9:55	Höegh LNG accelerates energy security and transition solutions Höegh LNG - Tore Lunde, Senior Advisor
10:05	Aker Solutions – CCUS part of the solution Aker Solutions – Janne Rasten, VP CCUS Solutions

10:15	REINERTSEN New Energy as Owner's Engineer for hydrogen and CCS projects REINERTSEN New Energy - Dr. Torkild R. Reinertsen, Chairman & Market Lead Hydrogen and CCS
10:25	The Norwegian CCS Research Centre (NCCS): The Impact of CCS research in Norway SINTEF - Nicola Marsh, NCCS Centre Manager
10:35	Advantages of a fully integrated end-to-end well engineering software for CO₂ injection wells Oliasoft - Andreas Holm Strømhaug, Director Product Development
10:45	Closing Norwegian Energy Partners - Eirik Melaaen, Director LNG, Hydrogen and CCUS
