Hydrogen + Fuel Cells HANNOVER MESSE 2023

At Hydrogen + Fuel Cells, HANNOVER MESSE exhibitors profit from our unique community located in Hall 13. Only here you have endless networking opportunities combined under one roof and the chance to connect with companies, institutions and high ranking politicians. Meet leads from major companies of the industry and present your company and products in our two forum areas.

Choose between the Full Service Package (incl. booth building) and the Basic Service Package (excl. booth building). Profit from exclusive access to the lounge areas incl. food and beverages. Make use of several networking opportunities and much more, provided in the Service Packages by Tobias Renz FAIR.

Alternatively you can book a standard booth at HANNOVER MESSE in Hall 13 without the popular Service Packages.
