

# Annual Offshore Oil & Gas Market Report

The Annual Offshore Oil & Gas Market Report will this year be launched in a new format, the NORWEP Offshore Market Analysis Dashboard.

The dashboard is available under the Opportunities section under Market Intelligence:

The screenshot displays the Norwegian Energy Partners website. At the top, the logo is on the left, and navigation links for 'About', 'Contact', 'Partnership', 'Partners', and 'Partner log in' are on the right. Below this, a secondary navigation bar includes 'Events', 'Market Intelligence', 'Markets', and 'Technologies & Solutions'. The main content area is titled 'Market Intelligence' and features a sub-header 'Market Intelligence' with a horizontal line. Below this, a paragraph states: 'We offer our partners market intelligence reports, access to databases and tools that will unlock new opportunities in the energy industry. NORWEP offers a thorough knowledge of important energy markets worldwide. Our partner companies get access to cutting edge market information from all prioritized markets.' This is followed by a photograph of a person's hands interacting with a laptop and a large monitor displaying data. Below the photo is a 'Reports' section with a 'View all' link. Two report cards are shown: 'Global Offshore Wind: Annual Market Report 2022' (Wind Power category) and 'Annual Offshore Oil & Gas Market F' (Oil & Gas category). The 'Opportunities' section follows, with a 'View all' link and a sub-header 'The Annual Offshore Oil & Gas Market Report in a new format, the NORWEP Offshore Market Analysis Dashboard.' Three opportunity cards are displayed: 'NORWEP Offshore Market Analysis Dashboard' (with a yellow highlight), 'NORWEP Offshore Wind Tool', and 'Hydropower Priority Projects'. Each card includes a representative image, a title, a brief description, and a 'Read more' or 'View projects' link.
